PROFESSIONAL SUMMARY

Motivated and detail-oriented Fullstack Web Developer with hands-on experience building responsive and scalable web applications using modern technologies including Laravel, React, Next.js, and MySQL. Currently pursuing a D3 degree in Information Management at Politeknik Negeri Lampung with a solid foundation in software engineering from SMKN 7 Bandar Lampung. Proven ability to deliver full-cycle web development solutions through internship experience and certified training across frontend, backend, cloud, and AI domains.

TECHNICAL SKILLS

Languages & Frameworks: Laravel (PHP), React.js, Next.js, Python, HTML, CSS, JavaScript

Databases: MySQL

Styling & UI: Tailwind CSS, Bootstrap

Tools & Integration: REST API, Git, GitHub

Cloud & AI: AWS (Cloud Fundamentals), Generative AI, IBM Granite

WORK EXPERIENCE

Web Developer | BEST Corporation Syariah

Internship • Bandung, Jawa Barat, Indonesia • Feb 2026 – Present

- Developing and maintaining web-based applications using modern fullstack technologies.
- Collaborating with the development team to design and implement features aligned with business requirements.
- Building RESTful API integrations between frontend and backend systems.
- Ensuring responsive UI/UX implementation using React.js and Tailwind CSS.

Junior Web Developer | Telenergie Indonesia

Internship (PKL) • Bandar Lampung, Lampung, Indonesia • Feb 2022 – Jan 2026

- Designed and developed web applications using Laravel framework and MySQL database.
- Built and maintained frontend interfaces with React.js and Tailwind CSS.
- Integrated REST APIs to connect frontend and backend services.
- Participated in the full software development lifecycle from requirements gathering to deployment.
- Collaborated with senior developers to optimize application performance and code quality.
